

RELEVANT FACT

CARBURES EUROPE, S.A.

January 9, 2014

In compliance with the provisions of Circular 9/2010 of the Alternative Stock Market (*Circular 9/2010 del Mercado Alternativo Bursátil*), we hereby place the following information regarding CARBURES EUROPE, S.A. ("CARBURES" or the "Company") at the disposal of the market.

Carbures Europe, S.A. starts executing the works within the framework of the European project "IMPROVING THE AIRCRAFT SAFETY BY SELF HEALING STRUCTURE AND PROTECTING NANOFILLERS" of the IASS (7th RTD Framework Programme). The objective of this project is to improve the aircrafts safety with compound structures using graphene sheets. The project has a total budget of EUR 3,270,839 and ends in 2015.

The Carbures' participation alongside the University of Salerno and other pioneer organizations in developing nanostructures shows the technological focus of Carbures Europe, S.A. to develop structures incorporating this material, in order to improve the final properties of the structures used in the aerospace industry.

With this operation, the group Carbures continues its expansion plan of leading the aeronautical parts manufacturing using composites, by actively focusing on innovation.
