**CARBURES EUROPE, S.A.**  
**June 3, 2015**

Regarding the request received yesterday, June 2, from the Alternative Stock Market (*Mercado Alternativo Bursátil*), Carbures would like to inform the market that the Company has not signed two NEW lines of credit in the amount of 6 and 12 million, as some media stated on June 1, 2015. The Company does not know the origin of this information. However, once the debt restructuring, which was mentioned in the Relevant Fact published last June 1, has been completed, the Company is negotiating with different entities the renewal of some lines of credit, in an approximate amount between EUR 6 and 10 million, expecting a successful conclusion to these negotiations in the next weeks.
