

RELEVANT FACT
CARBURES EUROPE, S.A.
May 18, 2018

In accordance with Article 17 of the Regulation (EU) n° 596/2014 about market abuse and Article 228 of refunded text 228 of Stock Market Law, approved by the Royal Legislative Decree 4/2015, of October 23, and concordant provisions, as well as in Circular 15/2016 of Alternative Stock Market (MAB), we provide the following information:

Carbures Europe S.A. has received an order, by one of the most important Tier I of the automotive sector, worth 2 million dollars. The contract consists of the manufacture of seven machines (test and test lines equipped with collaborative robots) that will carry out the necessary tests on high production lines for electric steering systems. The Company will carry out the manufacturing in its production plant in Queretaro.

This fact consolidates the capacity of Carbures in the NAFTA area and the growing confidence of customers due to the Company's high industrial performance.

The differential value of the product lies in its industrial design and its high level of integrated software, which allows the verification of the correct functioning of a steering system in 32 seconds.

Carbures Machinery closed the first quarter of 2018 with a turnover of 13.3 million euros, which represents 38% of the turnover reached by the division during the entire 2017 year.

The name of the counterparts of both contracts is not provided because they are closed by confidentiality agreements.
